Cutting-Edge Designs

# ABOUT US

Kapro is a leading manufacturer and developer of innovative hand tools for the professional and DIY markets.

**We make the industry's finest quality spirit levels, laser levels and layout & marking tools. Kapro has built a reputation as the industry's foremost innovator with over more than 100 patents worldwide, covering a comprehensive range of professional applications.**

## GLOBAL DISTRIBUTION NETWORK

Kapro is a major global player with headquarters in Kadarim, Israel and facilities in China and the USA, all wholly owned by Kapro Industries. Our partners' distribution network has created a leading market presence in over 70 countries throughout Europe, America, Asia, Australasia and Africa.

## INNOVATION & DESIGN

Kapro's R&D team has revolutionized layout & measuring tool designing giving the market some of its most ground-breaking features:

The invention of the **Plumb Site® Dual-view™** changed level design forever: the only level feature in the market providing a frontal view of the plumb vial, eliminating parallax error as well as neck and back strain due to vertical plumb jobs.

The introduction of the **Optivision®** Red feature set a whole new standard in vial visibility by creating a strong color definition around the spirit levels' bubble; the clearest, most visible vial on the market today.

In addition to these market-changing features, Kapro develops tools especially designed for different professions such as drywall installation, plumbing and electrical work.

In the laser department, our **patented strong folding legs** for angle mounting and height adjustment with anti-slip grips has made positioning easier and faster.

Kapro's impressive line of powerful Prolaser® levels with multiple combination sets offers customers a staggering array of choices.

Kapro listens, making it the smartest choice in tools.

## QUALITY

Kapro is dedicated to excellence in every aspect of development: production, distribution, sales and marketing.

We use only the highest quality materials and components; from the strongest yet lightest steel and aluminum spirit levels to the most advanced, reliable modules in laser levels.

Kapro is the only level manufacturer in the world to carry the prestigious VPA mark of quality and all our manufacturing facilities are certified compliant with ISO Standards 9001, 14001 and SA8000. All Kapro lasers and electronic products carry FDA and CE certification, comply with RoHS, WEEE and REACH regulations.

Beyond all certifications, Kapro has strict testing standards to which all our products are submitted, to insuring the highest accuracy in the market .

The Kapro brand represents high quality tools with innovative designs.

## SERVICE & VALUE

The Kapro team has a culture of service; producing high quality marketing and advertising materials, maintaining a strong web presence and above all, consistently availing ourselves to our customers and responding to their needs.

The Kapro team offers outstanding customer service and high quality, innovative products with added value.
