

Double
Pythagoras

FEATURES

- Measuring range: up to 100 m (328')
- Accuracy: ± 1.5 mm
- Beam Finder™ flip cover offers higher visibility and keypad protection
- Measures the shortest distance to target with dynamic (continuous) measuring
- Measures area, volume, pythagoras
- Choice of 3 reference points
- Integrated inclinometer
- Bluetooth™ communication and user friendly app
- Advanced memory function
- Impact-resistant rubber over-mold
- Tripod ready: 1/4" thread
- Battery indicator

FIELDS OF APPLICATION

- Distance, area & volume measuring
- Dynamic & indirect Measuring with an advanced memory function and inclinometer.
