

840G/840 BEAMFINDER™ GLASSES

Laser Levels \\ Laser Accessories

The ultimate tool for enhancing visibility of the laser beam in any job site, whether in low-light or bright conditions.

The Kapro 840 BEAMFINDER™ is designed specifically for use with a pulse enabled red/ green laser, providing superior visibility at extended ranges.

* please note that the kapro 840 / 840g beamfinder™ glasses are not intended for use as safety glasses and should not be used for this purpose.

Applications

Masonry \\ Drywall Installation \\ Woodworking
