KAPRO
TOOLS WITH VISION

2 YEAR LIMITED WARRANTY

399 THERMO-VISION™

Sensors \\\ Temperature Measurement

Features

Detection: Temperature

Units: °C | °F

Measurement accuracy:
- Up to 300°C (572°F): ±2°C (±3.6°F) or ±2%”
- Above 300°C (572°F): ±5%

Temperature measurement range:
-20°C to 450°C (-4°F to 842°F)

Thermal image resolution: 160 x 120 px

Visible image resolution: 0.3 Mp

Thermal sensitivity: 0.07°C (0.13°F)

Provide a thermal image based on real-time temperature distribution

5 color palettes for optimal image clarity

Switchable highest & lowest temperature cursors

Built-in chargeable battery

Applications

Electrical \\\ Plumbing

Quality Assurance

IP54
WATER & DUST RESISTANT

Kit Includes

USB cable for charging and data transfer

Carrying case
